32 Designs in a Two-Foot Rack

If you're looking to sell a unique line of stencils that "rocks" the competition, then look no further. We have assembled 32 classic designs that sell! The collection includes mini icons, borders and large all over wallpaper patterns. Each stencil is laser cut from 5-mil mylar and designed to work with paint, glaze and plaster.

Your customers will instantly be attracted to the intriguing packaging and dazzling signage on the stencil display. Our 30 page color flip-book will guide them through vivid images of stencil designs and finished samples. This easy-to-navigate stencil display is sure to up-sell your customers and make their purchasing experience extremely pleasurable.
